PRASHANT RANA

About Me

Hi, I'm Prashant, a driven and passionate computer science professional with 1 year of experience in Angular and expertise in Python, Java, Flutter, Rasa, and Android Studio. I hold a Master of Science in Computer Science degree and am constantly seeking new challenges and opportunities to improve my skills. I have a strong background in web development, having developed and maintained applications using Angular. My technical skills are coupled with a keen ability to work collaboratively with teams and bring projects to successful completion. I have a passion for creating user-friendly, efficient, and innovative solutions to real-world problems. I'm always looking for opportunities to apply my skills and knowledge to new projects and challenges. I believe in staying up-to-date with the latest advancements in technology and am dedicated to continuous learning. Feel free to take a look at my portfolio and don't hesitate to reach out if you have any questions or projects in mind!
